The TSB3 Bible.

Tons of people that developed TSB3 Roms before.

The valuable information helped me to create the ROM, trying to be very accurate in attributes.

Remember I'm not good at graphics, I do my best but I still suck...

Fine. The game itself.

30 Teams as you know, hope a 32 version arrives sometime soon because there's people working in this so difficult task, but in the meantime we have this.

The ROM contains every original team in TSB3 except for the Oilers. The Ravens are instead.

A complementary ROM will come in a few days with the Titans and Texans, removing Ravens and Browns.

Features:

- Real uniforms, including cut scenes.
- Attributes completely customized for every player.
- Rosters updated to September 08, 2016.
- Free Agency Points according to the salary of each player. (This means that you could have a very good player, but his FAP value is low).
- Playbooks customized for maximize the attributes of the offenses.
- Offensive schemes designed for obtain the best of the players.
- Defensive schemes according to real.
- 2015 Pro Bowl rosters and unifors (the uniforms shouldn't take so serious).
- Real Free Agents in the pool. (Mark Sanchez is here because I suppose that Romo will be back, not for much; so he is in the Cowboys roster, and Prescott will be starter, so if you want to have Sanchez, go for him in the Free Agency).
- Complete new Hidden Players took from the 1966, 1976, 1986 and 1996 drafts. I took the best I could from every position from these 4 drafts.

Just enjoy it and let me know anything you notice.

Be happy...

FOOTBALL IS BACK!

What's New in Version 1.3.0

Released February 17, 2017

MIDSEASON UPDATE NOVEMBER 04, 2016.

Ok. half season has gone, and the best part is ahead of us.

For that reason and of course the IR designations, the rosters have changed and new names have appeared.

This update have those changes, with more accurate rosters and most of the IR players are in the Free Agency in case you want them at your team.

Please enjoy, because the best part of football is ahead of us!!!

TSB3 SB LI SEASON 2016.

[Update September 14, 2016.](#)

OK. I bring the ROM including the Titans and Texans.

Its ROM B.

ROM A have Browns and Ravens. No Texans
and Titans.

ROM B have Texans and Titans. No Ravens and
Browns.

Keenan Allen is in FA because te IR designation. RG3 is backup and Mccown is starter.

Please let me know anything you want.

Keep playing!!!
