About This File

The most legendary players of all time are here.

The attributes were modified according to the numbers of their career and that contribute to the talent of each player. I did a deep research for set the attributes according to the strenghts of the players.

The FAP system was changed to be more realistic, so the more expensive players are the best ones.

Playbooks are made to maximize the offensive weapons and the tendencies to run or pass for each team.

Free Agency and Hidden Players optimized too,

This is a game for spent the summer in the meantime the NFL 2016 Season arrives.

Thanx so much to DRUNKEN HONKEY, without you man, this couldn't be done. Also thank you to all the people that created TSB3 ROMs, and of course the TSB3 Bible for all the so valuable information.

I made this just for fun, keep it out of any profit!

Please ENJOY!!!
