TECMO SUPER BOWL III NFL SEASON 2017 SUPER BOWL LII

FEBRUARY 06, 2018

The season has gone and with it a lot of dreams and hopes and of course great teams have become, some are surprises, some other not.

And with that of course, we can finally have the achievements each player have and we can translate it to TSB3.

Here is the definitive version, that includes not only the two versions (A&B for the 32 teams), I included the Juiced version and the Super Juiced version because some people ask me to juiced but not to juiced that much. Well I kept the same juiced at the Super Juiced Version really complex and hard, and the Juiced version is a very playable version but harder than the original, of course not super harder.

Anyway enjoy it and let me know what you think about it.

As you can see, I was finally able to put the Panthers helmet in grey thanx obviously to the Master [DRUNKEN HONKEY](#), you are the best man.
Anywway see you and I keep working.

NOVEMBER 4, 2017.

Midseason is here and as usual a lot of things have changed, specialli with the rosters.

Here's the midseason version including the rosters for Nov. 04, 2017.

There are some adjustments for attributes and offensive formations.

No other changes were made, No playboks or SIM Values changed, that will change for the final version after the SB.

However this is a more accurate version acccording to the league today.

Enjoy if you like it.

BTW. I included DeShaun Watson as a free agent in the "B" ROM because he was enjoying an outstanding performance, just in case those Texans fans want to include him.
See ya!!!

Well the football season is finally here and with that, also the fantasy football, but most important TSB yearly is back and here is the TSBIII version for you all.

As I like to recognize, [DRUNKEN HONKEY](#) is the guru on TSB3 things and his guide helped me a lot, thanx a lot for all man.

Remember, I'm not a grafic designer, in fact I suck as one, so I do the best I can with the graphical aspect to bring it more accurate.

ROM

There are two as you know:

ROM A includes BROWNS & RAVENS (No TEXANS & TITANS)

ROM B includes TEXANS & TITANS (No BROWNS & RAVENS)

- *The rosters are accurate to september 6 so enjoy it.*
- *Uniforms are rearranged to look completeley real.*
- *Free Agency and Hidden Players are different.*
- *Attributes are obviously fixed to the 2016 performance, except for rookies.*
- *For the very first time, I changes the SIM values.*

I hope you enjoy it and remember, football is back. 😊

BTW. IF YOU WANT A BETTER CHALLENGE TRY THE [JUICED VERSION](#) AND
