If you recently downloaded my 2016 version of this ROM, you might find that this one is a little more finely tuned. Ratings and simdata have been fine-tuned so that end-of season leaders are reflected accurately vis-a-vis their real-life counterparts.

In keeping with accuracy, the schedule has been reduced to 12 games, with the final week before the playoffs being set as "Rivalry Week."

The lineup of teams is 96.875% identical (to 2016), with the only difference being the inclusion of Houston, replacing Kansas State.

There are 32-teams in this ROM. The 32 teams are divided into the following eight conferences (Note: I took the liberty to "realign" some of the conferences):

#### **ACC**

Pittsburgh  
Clemson  
Florida State  
Miami

#### **SEC East**

Florida  
Missouri  
Georgia  
South Carolina

#### **SEC West**

Auburn  
Texas A&M  
Alabama  
Louisiana State
