You can aim a kickoff by pressing up or down when you hit A. Would it be possible to create this functionality for punts, too?

It's better to keep the punt in the middle because if they fumble, but would be cool.

You have to make the video public (or hidden public) for others to see it

Video fixed. I didn't notice private was set as default.

x2937D = 20 34 BF EA EA EA

x2BF44 = A9 33 85 AB 20 FC A0 29 FF C9 84 D0 03 A9 C0 60 C9 88 D0 03 A9 40 60 A9 80 60

Code can be moved somewhere else if needed. Hold up or down while you press A to stop the power meter.

Just to confirm, if I want to convert this to a SET command to use in TSBTOOL, would it be this?

SET (0x2937D, 0x2034BFEEAEAEA)

SET (0x2BF44, 0xA93385AB20FCA029FFC984D003A9C060C988D003A94060A98060)

+ Quote Edit Options

Check out my latest release: [Tecmo Super Bowl 2020 - SBlueman Edition](#)

Check out my other releases: [SBlueman's Downloads](#)

Have any SET commands to share? Post 'em up in this thread: [SET Command List \(Use with NES TSB & TSBTool\)](#).
